

LIL' KICKERS SOCCER LEAGUE

Nov 2- Dec 21, 2012

**Boys & Girls
Ages 6-9**

**Professional
Training & Games**

For players 6-9 years old seeking professional training without the commitment to travel soccer! All sessions will be conducted by the Galaxy Soccer Club's professional staff.

What is the Lil' Kickers Soccer League?

The Lil' Kickers Soccer League includes one (1hr) training session per week followed by games on Saturday. Small-sided training and games (3v3 & 4v4) provides young players the opportunity to develop their soccer skills at their own rate by increasing the amount of touches on the ball. The smaller field brings the game to the children's size and encourages each player to become more involved in the game. Micro soccer simplifies the rules to make the game easy and fun to learn. The Galaxy staff will arrange the teams to create the best environment for player development. Clinics and teams are coed.
