The Lil' Kickers Soccer League includes one hour long session on Tuesdays followed by games on Thursdays. Small-sided training and games provide young players the opportunity to develop their soccer skills at their own rate by increasing the amount of touches on the ball. The smaller field brings the game to the players' size and encourages each player to become more involved in the game. Micro soccer simplifies the rules to make the game easy and fun to learn. The staff will arrange the teams to create the best environment for player development. Clinics and teams are coed.
